Grant-Seeker Workshop

FOR NON-PROFITS

ADELAIDE

Tuesday 14th October 2014 8.30am – 12.00pm

Grants processes to increase your success rate!

While an effective grants program can yield great success for your organisation's project delivery, it can also be wrought with frustration if performed in an ad hoc, uncoordinated manner without incorporating strategic thinking and planning.

You will leave this workshop with a clear outline of the essential steps to implement an effective grant-seeking strategy in your organisation for both philanthropic and government grants, in addition to a project information form, a Strategic Grants Grant-Writing Checklist and a copy of the workshop slides.

Workshop Content:

- An overview of the grants landscape in Australia (we work with Philanthropy Australia to provide you with the most up-to-date information on trusts and foundations)
- Steps to ensuring your organisation is 'grant ready'
- Advice on project packaging, developing grant-ready project plans, and setting up internal processes to succeed
- Feedback from funders on why applications do or don't succeed
- Tips on relationship building
- How to write a great grant application
- Next steps when an application is successful or unsuccessful, and effective reporting, acquittal and stewardship strategies
